SEWING AND EMBROIDERY MACHINE

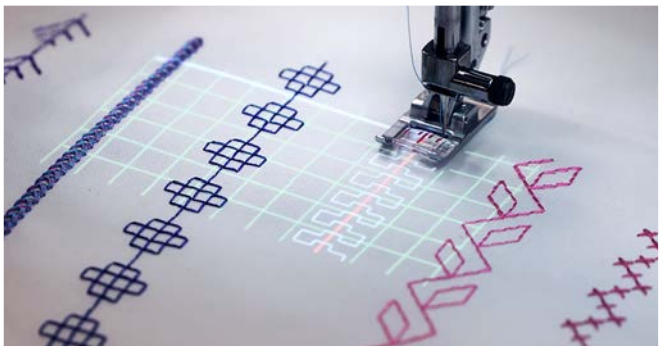

PFAFF
Perfection starts here.™

TOP FEATURES AND BENEFITS

Artificial Intelligence Technology
Attach any included presser foot and the machine will inform you if the foot is compatible with your stitch selection. It will also show you if the foot is attached incorrectly.

Voice Control*
The world's first and only sewing machine with voice control. Hands-free commands offer sewists more flexibility to explore their most creative endeavors.
Works with Alexa™.
"Alexa, ask *creative icon*™ 2 to show me all ribbon stitches."

Projector: Stitch Preview
Enables you to easily preview whatever you plan to stitch on the fabric. Achieve perfectly placed stitching while saving precious time.

Projector: Grid and Guidelines
Overlay helpful lines with adjustable angles and grids of adjustable sizes in sewing mode.

Projector: Embroidery Placement
Project the image of an embroidery on your hooped fabric for easy placement. Use the precise positioning feature to fine-tune the perfect placement. Easily match multiple hoopings to create embroideries at the ideal size.

mySewnet™ Connectivity
Get creative with seamless navigation between your machine screen, laptop and mobile. A 90-day free trial of mySewnet™ PLATINUM Subscription is included.

mySewnet™ Library^
mySewnet™ Library has thousands of beautiful ready-made embroidery designs, from flowers and fonts to nature and more.

mySewnet™ Blog

*Alexa™ or other smart-home devices are required to use voice control but are not included.
** Optional Accessory
^ Subscription is required after 90 days.

Power, Stability and Precision
The *creative icon*™ 2 has a high needle-piercing power (150NWT) making it easier to sew heavyweight materials. The base plate is engineered to reduce vibrations and increase stability.

Enhanced Original IDT™
Integrated Dual Feed Technology (IDT™) from PFAFF® delivers remarkably even feeding of fabrics from the top and ensures perfect seams.

Exclusive Stitch Techniques
Create unique finished projects with hundreds of sophisticated stitches including exclusive and patented stitch techniques, such as: floating stitches, radiant stitches, single-ribbon stitches, double-ribbon stitches, triple-ribbon stitches, lace-edge stitches and stacking stitches.

Patented ActivStitch™ Technology
Sensors measure the fabric thickness and various stitch settings to regulate the amount of thread needed to achieve perfect balance between the needle and bobbin threads. Results are perfect on both sides of the fabric.

EMBROIDERY

Largest Machine Embroidery Hoop On The Market
Included with the machine, the *creative*™ Grand Dream Hoop is the largest machine embroidery hoop on the market to accommodate larger embroideries in one hooping (360 x 350 mm).

Precise-Positioning
Use the precise-positioning feature to fine-tune the perfect placement. Easily match multiple hoopings to create embroideries at the ideal size.

873 Built-In Embroidery Designs
Select from a wide variety of built-in embroidery designs with 33 specialty techniques.

Shape Creator™
Combine decorative stitches or design elements instantly and more precisely to create truly unique borders and designs.

Appliqué Creator
Create appliqué embroideries on screen with Appliqué Creator. Choose from more than 20 different shapes and 20 appliqué-specific stitch options, or use any stitch preinstalled on the machine.

creative signature™ Embroidery Programs
Edit designs on screen to customize your project, preview the possibilities and make stitching the design easier without additional software.

Embroidery Stitch-Out Overview
Enables you to preview all embroidery settings before stitching, and change them before entering Embroidery Stitch-Out.

Fast Embroidery Speed
Up to 1,050 stitches per minute with optimum results.

Automatically Cut Jump Stitches
Cuts embroidery jump stitches automatically, pulling threads to the back side so you don't need to do so.

Auto Save
creative icon™ is set to periodically save the embroidery stitch number and position while embroidering. This makes it easy to come back to exactly where you left off if you need to stop in the middle of embroidering or if the power goes out.

Embroider Any Sewing Stitch
Sew any stitch in the embroidery hoop for perfect results and to create unique embroidery designs.

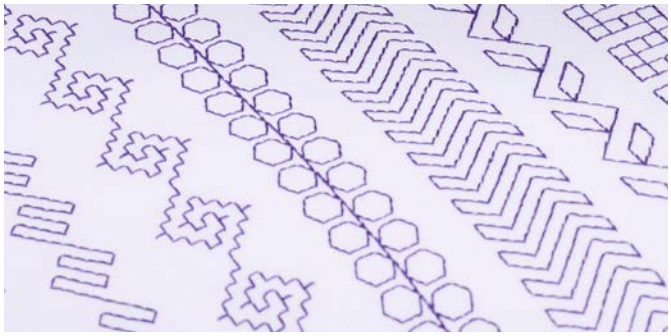

Undo/Redo in Embroidery Edit
Undo/Redo design edits in Embroidery Edit mode allows you to easily correct any mistakes.

4 Embroidery Hoops Included
- *creative*™ Grand Dream Hoop (360 x 350mm)
- *creative*™ Supreme Hoop (360 x 260mm)
- *creative*™ Elite Hoop (260 x 200mm)
- *creative*™ 120 Square Hoop (120 x 120mm)

Hoop Positions
Move the hoop to various positions to see where the current stitch position is or to help you access parts of your design.

Sewing

806 Stitches
In addition to our specialty stitches, you get a wide variety of stitches including 9mm decorative stitches and Maxi Stitches up to 52mm wide.

Stitch Creator™
Create 9mm stitches or edit built-in stitches for unlimited creativity.

Stitch Repeat
Sew precisely the number of stitches you desire so they fit perfectly on your project. The days of counting as you stitch or guessing are gone.

Tapering on Decorative Stitches
Taper at the beginning and/or at the end of any stitch. Change the angle of taper for unlimited creative opportunities. You can even embroider wonderful tapers in the hoop.

Four Free-Motion Modes
Four modes at your fingertips. Whether free-motion quilting, using rulers, thread painting, or darning, the end result is impressive.

Sew with Embroidery Unit On
Easily convert from embroidery mode to sewing mode; no need to remove the embroidery unit.

Automatic Presser-Foot Lift
Raises the presser foot instantly when the needle is set to stop down and/or at the end of a seam after a thread snip.

Electronic Knee-Lift
Simply lift the presser foot with Enhanced Electronic Knee-Lift, allowing you to keep your hands on your project.

Stitch Positioning
With a simple adjustment, align the stitch position with a point on your fabric or presser foot.

Stitch Density
For the desired fullness, density can be increased or decreased without affecting stitch length because this machine carefully controls the distance between the stitch points.

Sensormatic One-Step Buttonhole
Sew professional-looking buttonholes in one easy step.

Mirror Image of Stitches
Mirror-image stitches to match the direction that works best for your project. Flip the stitch side to side and/or end to end for even greater creative possibilities.

Stitch Restart
Return to the beginning of a stitch or sequence without having to reset any special settings you've made.

Needle Up/Down
Set your needle to stop up or down in the fabric automatically for easy pivoting, appliqué and more.

Start/Stop Button
Sew without the foot control – makes sewing long seams, free-motion and embroidery easy.

Stitch-Width Safety
The Stitch-Width Safety feature prevents needle breakage. It limits stitch width to center-needle straight stitch using a straight-stitch foot.

Twin Needle Program
Enter twin needle size to automatically adjust the stitch width. See the twin needle stitch on the screen.

Enhanced Fabric Feed
Exceptional even feeding, no matter the material used.

Thread Snips
Thread snips automatically cut the top and bobbin threads and pull thread ends to the back side of fabric.

MACHINE

Built-in Help Center
Built-in techniques and tutorials for zippers, hems, collars, ruffles, cuffs, quilting and much more.

10.1-Inch Touch Screen
Our supersized, interactive tablet display, with customizble interface and the largest screen in the market, allows even more creativity.

Large Sewing Space
Extra large sewing space to accommodate large projects and quilts. 12.2in (310mm) x 5.51in (140mm)

Automatic Needle Threader
Fully automatic needle threader for fast, efficient threading.

Extra-Large Bobbin
Sew longer without interruption with extra-large-capacity bobbins.

Straight-Stitch Needle Plate with Sensor
When the straight-stitch plate is attached, the machine is automatically set to straight-stitch mode, preventing damage to the needle and the plate.

Top and Bobbin Thread Sensors
Top and bobbin thread sensors alert you if a needle or thread breaks and tell you when the bobbin is getting low.

Separate Bobbin-Winding Motor
You can easily wind a bobbin while sewing or embroidering.

Updatable Firmware
Automatically update machine firmware via WiFi and mySewnet™.

Jam-Proof Rotary Hook
Jam-proof rotary hook keeps threads from getting caught in the bobbin area.

Accessories Included
Your machine includes 12 different presser feet for all of your basic sewing techniques; two large stitch plates; a standard plate featuring seam markings to the left and right of the needle; and a straight-stitch plate with a single hole and indexed markings for greater precision and control.

Built-In Accessory Tray
Rubberized accessory tray with custom compartments for all included accessories makes all accessories stay in place for a nice and tidy look. There is even room for more accessories.

Telescopic Thread Guide
Use a wide variety of thread spools or cones with perfect results with the telescopic thread guide and reworked thread paths.

Multiple USB Ports
Two USB ports allow for more versatility for transferring designs and updates.

Machine Set-Up Wizard
The Machine Set-Up Wizard will show you step-by-step how to set up your machine, making it easier to get started on your projects.

Embroidery Unit Case Included
Carry, store and protect your embroidery unit.

Optional Accessories
A wide variety of optional accessories are available including the Multi-Function Foot Control, *creative*™ Embellishment Attachement and more.
